PROFESSIONAL EXPERIENCE

Behavioral Health Team Lead - Intern. August, 2018 to Present. RHA Health Services.

Primary team leader intern supporting individuals on the ACT team with severe and persistent Mental Health diagnosis and/or Substance Abuse issues in the community settings. Coordinate and monitor the array of services and supports identified in each person's Person-Centered Plan in alignment with service definition and Fidelity requirements.

- Assisted in managing a staff of 6 including the Psychiatrist, Registered Nurse, Licensed Substance Use professional, and three qualified mental health professionals that include a Peer Support Specialist, Vocational Specialist and a Housing Specialist
- Facilitating relationships and serving as a link between the company, parents, guardians, local agencies and the community
- Minimizing the negative effects of psychiatric symptoms or substance dependence that interfere with the recipient's daily living and personal development, providing supportive counseling while under supervision of the Team Leader
- Supporting clients in the development of various skill-building activities, including: daily and community living skills, socialization skills, adaptation skills, and behavior and anger management
- Participating in a first responder on-call system available to consumers and/or their natural support network on a 24/7/365 basis; coordinates "first response" resources according to consumer need and the PCP
- Performing Case Management functions of linking and arranging for services and referrals
- Working closely with other clinical/professional staff to maintain communication and providing feedback, standardizing procedures and expediting PCP implementation
- Ensuring that all initial and reauthorizations for services occur in a timely fashion
- Monitoring utilization of service to ensure that it is effective, appropriate, and within the limits set forth in both rule, PCP, and the service authorization
- Coordinating transition to another level/type of care for the client

Executive Ministerial Counseling Lead: May 2010 to May 2018. City of Destiny - Cincinnati, OH

Provide faith-based therapeutic support and guidance to ministerial clinical staff who served economically disadvantaged children, adults, and families struggling with mental and behavioral health challenges.

- Lead ministry counselor for Outpatient, Day Treatment and Community Support services
- Complete initial and supplemental, ongoing client assessment as needed.
- Implement treatment plans
- Provide faith-based clinical interventions to Mental Health and Substance Abuse clients

- Provide services on-site, in the home, and within community settings
- Led interdisciplinary treatment teams
- Marketing engagement with potential referral sources
- Lead inter-and intra-agency collaborations to build partnerships and foster programmatic growth
- Grant writing and prospect engagement
- Quality evaluation of the organization's programs to include quarterly and end-of-year reporting
- Development of Quality Control and Quality Monitoring procedures
- Ensure appropriate delivery, utilization and review of psychotherapeutic services
- Facilitate psychoeducational therapeutic groups that addressed challenges associated with the co-occurrence of mental health and substance abuse disorders.
- Develop Policy and Procedures based on guidelines from MCOs and Federal Regulators
- Provide guidance for operational implementation of regulatory guidelines

DCS Project Director: June 2005 to April 2010. *American Red Cross* – Cincinnati and Dayton, OH

Provide support for national natural disasters including:

- Lead disaster cycle services teams and manage activities associated with disaster recovery projects/programs that were long-term, organizational entity-wide (crossing multiple organizational entities) with moderate to significant risk, scope and complexity.
- Responsible for end-to-end DCS project management, demonstrating ownership of the complete process; from disaster onset to client recovery.
- Develop and revise complex DCS plans and budgets, working with local, state-wide volunteers to understand complex problems and focus on bringing issues to resolution, escalating as necessary to meet DCS recovery timelines.
- Identify and negotiate schedules, milestones and resources required to meet DCS disaster objectives.
- Manage scope change, communication, issues and risks, and organizational change to meet disaster recovery objectives
- System release coordination oversight.
- Work with community key stakeholders to coordinate implementation, validation, training and support of project objectives.
- Provide matrixed direction and leadership to all disaster cycle services team participants.
- Consult with community business partners to clarify and define disaster services requirements, including development of a statement of work.
- Interact and negotiate with senior level management on behalf of the disaster cycle services team.
- Create and deliver presentations to senior management on disaster services goals and plans, including progress reports.
- Monitor disaster services financial performance to maintain the quality of services, deliverables and content within a proposed budget.
- Evaluate and report progress in terms of quality, financial and performance metrics.
- Provide guidance for operational implementation of DCS regulatory guidelines

Gaps in employment: May 2018 to August 2018 – relocated from Ohio to North Carolina
