- Workforce Planning
- Risk Mitigation
- Regulatory Adherence
- Technical Troubleshooting
- System Migration & Integration
- Audit Response & Workflow Refinement

PROFESSIONAL EXPERIENCE

Capitol Bridge | PMO Project Coordinator – Federal & State Program Launches | Remote | 2019-Current

Strategic Operations Leader | Federal & State Program Management

- Spearheaded operational planning and execution for high-impact federal and state programs, including Veterans Choice, CDC, CDC VAX, and NC/SC Unemployment, aligning cross-functional teams and supervisors to meet KPIs, compliance standards, and service-level agreements (SLAs).
- Directed the launch of the organization's first hybrid workforce model, integrating remote and on-site staff across multi-state unemployment initiatives to enhance productivity, collaboration, and customer satisfaction.
- Managed staffing plans, SOP creation, and go-live execution for Alabama Medicaid and Florida Unemployment; led initial setup and operational planning for Missouri Unemployment. Applied PMBOK-aligned project management methodologies to ensure compliance, scalability, and readiness for program rollout.
- Led performance coaching, conflict resolution, and team development strategies, cultivating a high-performance culture and driving continuous process improvement across diverse operational units.
- Conducted compliance audits, trend analysis, and risk assessments, implementing corrective actions that improved regulatory adherence, reduced operational risk, and elevated service quality.

PROFESSIONAL EXPERIENCE

- Spearheaded implementation of Alabama Medicaid and Florida Unemployment programs, serving as primary liaison with state agencies.

- Resolved system errors in collaboration with Florida IT teams, ensuring secure and compliant onboarding processes.
- Led hybrid workforce initiatives, coordinating remote and onsite teams across multiple states.
- Streamlined onboarding and training workflows, supporting rapid deployment of federal and state healthcare services.
- Partnered with TriWest Healthcare to onboard 500+ employees; selected as one of six out of 400+ to represent TriWest onsite during Veterans Choice rollout.

Capitol Bridge – PMO Project Coordinator

Remote | Federal & State Program Implementation | 2021–2023

- Developed and maintained risk registers, compliance reports, and performance dashboards in Excel and SharePoint, driving transparency and accountability across project lifecycles.
- Collaborated with federal and state stakeholders to troubleshoot system errors, streamline workflows, and ensure timely program launches under tight deadlines.
- Delivered strategic feedback to supervisors and team leads, fostering ethical workplace culture and continuous improvement across operations.

Capitol Bridge – PMO Project Coordinator

Remote | Federal & State Program Implementation | 2019–2023

- Spearheaded operational planning and execution for high-impact federal and state programs—including Veterans Choice, CDC VAX, NC/SC Unemployment, Missouri Unemployment, Alabama Medicaid, and Florida Unemployment—aligning cross-functional teams and supervisors to meet KPIs, SLAs, and compliance benchmarks.
- Directed launch of the organization’s first hybrid workforce model, integrating remote and onsite staff across multi-state initiatives to enhance productivity, collaboration, and customer satisfaction.
- Managed staffing plans, SOP development, and go-live execution using PMBOK-aligned methodologies to ensure timely and successful rollouts.
- Served as primary liaison with state agencies during Medicaid and unemployment program implementations, streamlining onboarding and resolving system errors in collaboration with IT teams.
- Conducted compliance audits, risk assessments, and trend analyses; developed and maintained risk registers, performance dashboards, and regulatory reports in Excel and SharePoint, implementing

corrective actions that improved adherence, reduced operational risk, and enhanced transparency across project lifecycles.

- Developed and maintained risk registers, performance dashboards, and compliance reports in Excel and SharePoint, driving transparency and accountability across project lifecycles.
- Delivered strategic feedback and performance coaching to supervisors and team leads, fostering ethical leadership and continuous improvement across operational units.

TriWest Healthcare – Team Lead / Business Operations Liaison

Remote & Onsite | Veterans Choice Program | 2019–2021

- Managed onboarding and training for 500+ employees supporting the Veterans Choice program, ensuring readiness across remote and onsite teams.
- Selected as one of six out of 400+ TriWest staff to represent the company onsite at Capitol Bridge during program launch, bridging communication between organizations and accelerating implementation.
- Liaised between operations, training, and compliance teams to streamline workflows and resolve escalations.
- Delivered performance coaching and feedback to supervisors, driving service-level improvements and ethical workplace culture.
- Supported cross-functional initiatives to optimize resource allocation, reduce onboarding time, and improve stakeholder satisfaction.

St. Joseph Family Medical Clinic – Medical Office Assistant

St. Joseph, MO | Patient Intake & Care Coordination | 2017–2018

- Streamlined patient intake and scheduling processes, improving daily throughput and reducing wait times.
- Coordinated with physicians and nursing staff to ensure accurate documentation and timely follow-up care.
- Managed medical records and insurance verification, maintaining HIPAA compliance and patient confidentiality.
- Provided compassionate support to patients and families, reinforcing clinic values of dignity and respect.

Aegis Communications – Operations Manager

St. Joseph, MO | Call Center Operations | 2014–2016

- Directed daily operations for high-volume call center, overseeing 100+ agents and multiple client accounts.
- Developed KPI dashboards and reporting tools in Excel to monitor performance, identify trends, and drive improvements.
- Led supervisor coaching and training programs, increasing team efficiency and reducing turnover.
- Implemented process enhancements that improved customer satisfaction scores and reduced call handling time.

HUD Section 8 NWMO District Office – District Office Manager

St. Joseph, MO | Housing Program Administration | 2012–2014

- Led district-wide system migration and compliance reporting for HUD Section 8 housing programs.
- Managed intake, eligibility verification, and case documentation for hundreds of families across Northwest Missouri.
- Coordinated with local housing authorities and federal partners to ensure timely inspections and benefit delivery.
- Trained and supervised administrative staff, fostering a culture of accuracy, empathy, and accountability.
