6829996415

PROFESSIONAL SUMMARY

Detail-oriented and results-driven Senior Auditor with over 5 years of experience leading and supporting both standalone and integrated audits in highly regulated industries. Skilled in control testing, risk assessments, walkthroughs, and documentation of audit findings in tools like TeamMate+ and RSA Archer. Demonstrated success in providing advisory support to business units, driving remediation of audit issues, and ensuring compliance with regulatory standards especially within consumer lending environments. Recognized for clear communication, analytical thinking, and a proactive approach to risk management.

Key Accomplishments

Reduced repeat audit findings by 30% by enhancing control documentation and remediation tracking. Supported successful implementation of TeamMate+ audit platform across internal audit function. Identified process control weaknesses in consumer lending operations, leading to enhanced regulatory compliance measures. Received recognition from leadership for audit quality and timely delivery during high-risk IT audit engagements.
