Elena Stankevich

PROGRAM MANAGER | PROJECT MANAGER

| | San Jose, CA | www.linkedin.com/in/elenastankevich

SUMMARY

- An experienced Program Manager with 10+ years of expertise in Program Management, Product Marketing, Data Analysis, DevRel, including 8 years at top industry leaders like Apple and AWS.
- Solid track record successfully delivering global projects from concept through launch across all product life cycle stages in highly cross-functional environments.
- As a Program Manager at Apple, I lead global initiatives to drive growth for the top App Store developers. I collaborate closely with these developers and cross-functional teams to execute strategic roadmaps, optimize workflows, and provide business performance and data analytics reports to stakeholders.
- Previously at AWS, I managed complex high-impact projects including go-to-market strategies for AI tools, full-stack BI/data analytics implementations, and global-scale industry events.
- Earlier at Apple, I worked as a Business and Systems Analyst, supporting developers with high visibility in launching and scaling their apps on the App Store. I also piloted key privacy-focused programs and tools for developers and performed data analysis to enhance privacy initiatives.
