- Verified, logged, fixed and closed bugs using JIRA Software tools
- Managed and operated QA web portals and Splunk environment

Engineering & Math Tutor, UMass Lowell, Lowell, MA Sept.2009 - Dec. 2012

- Tutored calculus I, II, & III, Differential Equations, Linear Algebra I & II
- Tutored basic C#, C/C++ and Java programming languages

TECHNICAL SKILLS SUMMARY

- **Programming Languages:** Core Java, C#, C/C++, & VB.NET
- **Advanced Training:** OOPs using Java, C#, C++ & VB.NET
- **Java Technologies:** Struts 2, Hibernate, Spring, Servlet, Maven, Swing, JSP
- **Dot.Net Technologies:** ADO.NET, LINQ, ASP.NET, ASP.NET MVC, WCF, WPF
- **Web-based Technologies:** HTML5, DHTML, xHTML, HTML, XML, JavaScript, jQuery, CSS, JSON, SOAP, RESTFUL, WSDL, HTTP, Junit, Web Services
- **Databased Technologies:** Oracle PL/SQL, SQL, T-SQL, MYSQL, JDBC, JDB, SQL Server, JDBC, JDB, MS SQL Server, Oracle 12C
- **Big Data:** Hadoop, Pig, Hive, Map Reduce
- **Scripting Languages:** Unix-Linux Admin, Shell Scripting, Python, Perl
- **IDEs:** NetBeans IDE 8.0.2, Eclipse, Visual Studio, Ubuntu Linux, Unix
- **Operating Systems:** Windows, UNIX/LINUX (Ubuntu, Red Hat, Debian, Solaris) & Mac OS X
- **Data Scientist:** Data analytic, predictive and Reporting using Sabre simulation and IBM SPSS
- **Business & Finance:** business plan, innovative solution, financial statements & project management

EDUCATION

University of Massachusetts, Lowell, MA

Master of Science, Innovation & Technological Entrepreneurship

May 2015

Overall GPA: 3.208/4, Major GPA: 3.45/4

University of Massachusetts, Lowell, MA

Bachelor of Science, Computer Engineering & Minor in Mathematics,

May 2012

Overall GPA: 3.117/4, Major GPA: 3.294/4, Minor GPA: 3.526/4

ADDITIONAL INFORMATION

Net Software Engineer Job Training, Syntel, Inc., Nashville, TN November 2015 – December 2015

- HTML, HTML5, JavaScript, XML, CSS/CSS3 & jQuery
- SQL Server & T-SQL
- Core and Advanced C# Programming, ADO.NET, LINQ, WCF, Web Service, ASP.NET and ASP.NET MVC
- Quality Management System (QMS), Software Engineering Overview, Unit Testing
- Agile-Level 1 Certification
- **IDEs:** MS Visual Studio 2013-2015, SQL Server 2014 Management Studio, IE, Firefox, Chrome

Java Software Engineer Job Training, Syntel, Inc., Boston MA, January-April 2016

- HTML, HTML5, JavaScript, XML, CSS/CSS3 & jQuery
- Core and Advanced Java
- JSP, JSTL, Servlet, Web Services, Spring Framework, Struts, AWT
- Hibernate, Maven, EJB, JSON, Apache Tomcat version 6, 7 & 8
- RDBMS, PL/SQL, JDBC, & Oracle 12C
- JUnits, TestNG
- **IDEs:** NetBeans, Eclipse, SQL developer, MySQL, IE, Firefox, Chrome
- BNFS-Capital Markets Certification Passed (80% in first attempt)

Duck Creek Training, Syntel, Inc., Nashville, TN, November 2015 -July 2016

- Extensive knowledge and experience on EXAMPLE Author User Interface Main Views: Fields, Tables, Page Designer, Data Tester and Form Mapper
- Thorough understanding of Policy Administration Systems
- Strong domain Knowledge in Insurances: Personal, Property, Casualty, Specialty, Surety/Commercial and Reinsurance
- Public/Private Fields design and mapping
- Logic and Rating Algorithm design
- UI design and debug based on specifications
- Extensive experience in Page Designer, Data Dictionary, Templates, Extension Points, Application Values, Coverage Maintenance, Search, Configure, Agenda, Utilities, Financials, F&C Configuration functional concepts
- Extensive experience working on Claim Application UI and Console Application Dashboards
- Performed Duck Creek based product implementation (Example Platform version 3.x/4.x/5.x)
- Trained on EXAMPLE suite of products for development, implementation and configuration works
- Attended Insurance domain Trainings
- Attended Duck Creek Architecture and Use of Duck Creek tool trainings
- Attended Policy Admin System life cycle trainings.
- Understand the USA & UK Insurance business Entities.
- Understand the Requirements for Causality , Health Care and Environment LOBs
- **IDE:** EXAMPLE Author, EXAMPLE Server (Admin) for Remote Desktop Connection, EXAMPLE Express (UI), Visual Studio, Telerik Controls, MS SQL, XML
